

BRITESTREAM MKV

MULTICOLOURED LED LIGHT

BriteStream Multicoloured LED light can produce myriad colours without the need for coloured lenses. In fact, there are nine different colour programs available.

- Energy saving – operates on 15% of the energy of a halogen
- New BriteLUX diffuser lens
- Long life LEDs
- Universal adaptor plate
- Multi-Voltage, enabling connection to 12, 24 or 32 volt systems.

BriteLux Diffuser Lens

Unlike traditional LED lights that restrict the light output to individual hot spots, BriteLUX Diffuser Lens radiates light throughout the entire circumference of the lens.

In fact, the BriteLUX Diffuser Lens significantly boosts colour saturation and increases light transmission by 50 percent.

Multicoloured LED Light

The BriteStream Multicoloured LED light can produce nine different colour programs.

WHITE		RED	
SLOW CHANGING COLOURS - 20 SECOND RAMPING		YELLOW - GREEN (GOLD)	
FAST CHANGING COLOURS - 5 SECOND RAMPING		GREEN	
BLUE		AQUA	
MAGENTA			

Easily replace your existing pool halogen lights.

Britestream Light can easily replace an existing halogen light as they can be connected to 12, 24 or 32 volt systems, slashing your pool light electrical power requirements by 85%. Britestream LED Replacement Kit is supplied with two Retrofit Connector (IP68) and an Universal 1/4 turn twist-lock adaptor plate.

Universal 1/4 Turn Twist-Lock Adaptor Plate

Universal 1/4 Turn Twist-Lock Adaptor Plate is designed to adapt the Britestream to the following light fittings.

- AQ Aquaquip
- SE Spa Electric
- SW Swim World
- PR Pool Rite
- ST Stroud

Technical Specifications

Zonal Distribution	Power Usage	Input Voltage (New Installation)	Input Voltage (Replacement Light)
